

A-70

Il profilo luminoso A-70 permette di realizzare facilmente, e con estrema precisione, una linea di luce morbida di larghezza 70 mm a emissione luminosa asimmetrica. Comprende un profilo dissipatore per ospitare la Strip LED, inserito fra due lastre di cartongesso, da montare in continuità con la parete o il soffitto.

The A-70 light profile makes it easy to create a 70 mm wide soft light line with asymmetrical light emission. It includes a heatsink to house the LED strip, placed between two sheets of plasterboard and to be mounted flush with the wall or ceiling.
